[illegible]

The diagram consists of several vertical sections separated by thin lines. Each section contains horizontal bars of varying lengths and positions, often with numerical labels above or below them. Arrows indicate a sequence or flow from left to right. The numbers include 5, 6, 7, 13, 20, 39, 73, 700, 1200, 2657, 59, 9, 34, 83, 103, 168, 19, 32, 14, 6, and 7. Some bars are solid, while others are dashed. The overall structure suggests a complex sequence or a flowchart of some kind.
